

Kittitas County Natural Gas Emergency Mock Table Top Exercise

November 1, 2018 10:00 AM – 1:30 PM

Lunch will be included

Sponsored by the Pipeline Association of the Northwest (PANW)
Hosted by City of Ellensburg, Williams, PSE and Kittitas County Emergency Management Council

Location of Exercise:
Hal Homes Community Center
209 N Ruby Street
Ellensburg, WA 98926

The purpose of this exercise is to introduce pipeline operators to emergency responders prior to a pipeline incident. We want to work together to be prepared for the unlikely event of a natural gas pipeline rupture or leak.

We hope to provide you with information about transporting a variety of products through pipelines, how to recognize a potential leak, and how to appropriately respond if an incident should occur. Following the session, we will have an open discussion to review the outcome of the tabletop exercise and to answer any questions the responders might have for the pipeline operators – or vice versa! Better to prepare ourselves prior to meeting at the scene of an incident and to know who to contact for further information.

Questions? Contact Heather Forgey at forgeyh@ci.ellensburg.wa.us
or Darren Higashiyama at darren.higashiyama@co.kittitas.wa.us

RSVP [here](https://panw.pipelineawareness.org/): <https://panw.pipelineawareness.org/>

Who is the Pipeline Association of the Northwest?

The pipeline Association of the Northwest (PANW) is comprised of pipeline operators in Idaho, Oregon and Washington that are dedicated to promoting pipeline safety by providing information for Emergency Responders, Public Official, Excavators, State Residents and Businesses.
